### Superior nutrition

All of our oilseeds, legumes and pulses are carefully selected for their quality. Jenco Feeds adheres to the standards set by Grain Trade Australia, and we only ever use the best grains available.

### All natural

All our products are 100% natural vegetarian feeds that are free from artificial colours and flavourings.

### Quality guarantee

In making this product we source only the very best grains and use strict quality control procedures to remove all impurities. This ensures a superior quality nutritious feed every time.

### Feeding guide

Make sure clean water is always available.

### Storage

Store in a cool, dry place, preferably in a sealable vermin proof container.

### Our promise

Within every bag is the same superior quality balanced formulation. We never cut corners and all feeds are covered by our 100% Satisfaction Money Back Guarantee.

### Lupins

A

Lupins are a highly nutritious animal feed, being very high in protein and energy. At Jenco, we select 'sweet' lupins for our stockfeeds and machine dressed grains, sourced from the western regions of South Australia.

### Nutritional analysis

Protein	min:	33.0%
Fat	min:	9.00%
Fibre	min:	10.0%
Carbohydrate	min:	45.0%

### Cracked Lupins

B

Jenco Premium Cr. Lupin is the preferred product used by horse trainers and other farmers in Queensland. Its superior quality stems from the fact that we dress the grains twice to remove all impurities, waste and meal – leaving a premium product that is both consistent in quality and highly nutritious.

### Nutritional analysis

Protein	min:	33.0%
Fat	min:	9.00%
Fibre	min:	10.0%
Carbohydrate	min:	35.0%

### Cracked Tic Beans C

Cr. Tic Beans – also known as faber or broad beans – are a great source of protein for horses, and horse trainers and owners trust Jenco Premium Cr. Tic Beans as a nutritious feed of superior quality. We source our Tic Beans locally from the Darling Downs region.

#### Nutritional analysis

Protein	min: 24.0%

Fibre	min: 8.00%
Carbohydrate	min: 55.0%

### Sunflowers (Black) D

Black sunflowers have a high oil content and are a valuable addition to many of our stockfeed products. At Jenco, we have sourced our black sunflowers from local growers near our mill for generations – as these farmers know and respect our exacting standards when it comes to seed quality.

#### Nutritional analysis

Protein	min: 18.0%
Fat	min: 45.0%
Fibre	min: 11.0%
Carbohydrate	min: 2.00%

### Sunflowers (Grey Stripe) E

With a lower oil content than black sunflowers, grey stripe sunflowers are ideal for bird feeds. Like the black sunflowers, Jenco sources its grey stripe sunflowers from local farmers.

#### Nutritional analysis

Protein	min: 15.0%
Fat	min: 30.0%
Fibre	min: 30.0%
Carbohydrate	min: 16.0%
